

## Vacancy Announcement

<b>Position Title</b>	<b>Temporary Disaster Recovery Specialist (Public Assistance)</b>
<b>Position Type</b>	Intermittent, on-call, contract position

### JOB DESCRIPTION

J&M is seeking supplementary staff and surge personnel with specialized skill sets in disaster/incident management and recovery who would be available for deployment for extended periods of time with little notice. Deployments generally range from six months to one year in duration but may be as short as 30 days.

Team members will support FEMA's Public Assistance Technical Assistance Contract, providing support to organizations recovering from a disaster or catastrophic event. Areas of need include:

- **Site Inspectors:** backgrounds as a construction inspector or civil engineer to validate and record infrastructure damage
- **Project Specialists/Site Inspectors (Major Damage):** backgrounds in engineering (civil, electrical, structural, mechanical, geotechnical, coastal, environmental, hydraulic, sanitary, etc.) architecture, geology, and industrial hygiene to provide technical expertise to conduct site inspections in areas with major infrastructure damage
- **Mitigation Specialists:** civil engineers to develop cost-effective measures to eliminate or reduce future damage and evaluate effectiveness of mitigation measures
- **Environmental and Historic Preservation Specialists:** backgrounds as an environmental planner, biologist, archaeologist, architectural historian, historic architect, Certified Floodplain Manager, wetlands specialist, water quality specialist, ecologist, or horticulturalist to conduct site inspections, environmental assessments, and environmental impact statements

### QUALIFICATIONS

- Required
  - ✓ Bachelor's degree
  - ✓ Experience working with federal and state organizations providing disaster assistance
  - ✓ Experience working in NIMS/ICS structure
  - ✓ Knowledge of FEMA Public Assistance
  - ✓ Ability to deploy with little notice for long periods of time into, at times, hazardous and challenging environments
  - ✓ Must be able to commit for a minimum 60-day assignment and be able to travel
  - ✓ Willing to work long and/or non-traditional hours
  - ✓ Hold or be able to obtain federal credentials and pass background and credit checks
  - ✓ Requires driver's license and insurance
  - ✓ Proficient using Microsoft Office software

- ✓ Excellent communication skills
- Desired
  - ✓ Master's degree in related field
  - ✓ Professional accreditation
  - ✓ Completion of FEMA Independent Study courses specific to Public Assistance (IS-634 and IS 1000-1020)
  - ✓ Professional credentials and certifications

### **ABOUT J&M**

J&M is a small, dynamic firm that values its clients and its employees. J&M provides its employees with exciting opportunities to work with a variety of clients on projects that are both challenging and rewarding. J&M has extensive experience in homeland security and emergency management; however, our services and capabilities extend to all mission-oriented government agencies and businesses seeking to improve operations and gain efficiencies in a competitive economy.
